

Product Benefits & Features

Durable citrus press for fresh juice every day

The full metal body of ErgoPress ensures you can enjoy your breakfast with a freshly squeezed juice day after day. Add more vitamins to your daily nutrition without extra effort.

Durability

The stainless steel body of the citrus press ensures the durability of the product - keeping it safe from scatches on the counter top.

Versatility

The two cones of different size, allows you to squeeze juice from different size fruits - from small lemons to larger oranges.

Easy to use

The dishwasher safe parts and rubber feet makes it easy to use and even easier to clean up after using juice press.
